Tuesday July 23d.

Dear Miss Weston,

I have sent to Worcester Six Boxes of the Bazaar Goods, being the Six of which you had left the Keys, viz. Nos. 2, 3, 7, 8, 9, 11. I do not know, nor can Mr. Wallcut inform me, whether any of the others are to go, and therefore I do not venture to send any others. If there are more to go, please let Mr. Wallcut know which they are, & request him to forward them to Edward Southwick, Worcester.

I left Mrs. May and the children all well on Saturday.

~~Well~~ The little girl is very fat and good.

The Worcester ladies propose commencing the Fair the week previous to the Cattle Show, and continuing as far into the Show week as they may think advisable. Mrs. Wyman was very urgent that either yourself or one of your sisters should be in Worcester during the Fair; and I should by all means advise, and urge, (and, if I might, insist on,) the same, as highly important to the results of the Fair.

Very truly, Yours

Sam'l May, Jr.

Miss Deborah Weston,

Weymouth.
